Reference: Skip Wobig

To Whom It May Concern:

I have worked with Skip Wobig for over 25 years. During those years, Skip was a close subordinate of mine and I witnessed his growth from a Mechanical Detailer to one of the finest Construction Estimators in the Industry.

He has great knowledge of construction, especially the Industrial / Mechanical Industry.

Skip was a great fellow worker and loyal employee who was always striving for the betterment of the company he has working for.

I can gladly and sincerely recommend Skip Wobig for any duty requiring construction estimating.

Sincerely yours,

Robert Stodghill
